   @tahesport

Discover, learn, progress skills, and share with friends. Blaze your trail or find your tribe.

Here at TAHE, we dream of endless summers filled with fun and adventures with family and friends, creating memories that last forever. Based in France for more than forty years, we've been able to make this happen, sharing our passion for watersports by manufacturing a complete range of reliable and long-lasting products to guarantee endless fun.

We are TAHE, and we make #EndlessPlayTime on the water.

## ACCESSIBILITY

Our products are designed to deliver the easiest and most affordable way to get on the water and have fun, whether you're a total beginner or more experienced and looking to progress.

## A SHARED PASSION

Our passion is a source of happiness and brings positivity to our lives. That's the reason why we invest so much energy to ensure that new and future generations can discover the world of water sports thanks to our One Design classes, O'PEN SKIFF, and T293.

## DURABILITY

As a major player in the board and water sports industry, we are fully aware of our responsibility to guarantee that our products will deliver endless fun on the water for all our customers as well as the sustainable future we all hope for. That's why all our products are manufactured to be as long-lasting as possible. All our manufacturing off-cuts are recycled, and more than half of all our products are recyclable at the end of their life.

## MADE IN FRANCE

We are proud to be the only major manufacturer of board and water sports equipment operating in Europe. At our production facility in France, we conceive and construct the vast majority of our products. Working together as a team, we use our unique experience and know-how to distribute our products in more than 90 countries.

# 40 Years of Molding Expertise

Take Outdoors France is the proud owner of an industrial tool that is unique in the world, capable of three different manufacturing techniques: thermoforming, thermoforming around a polystyrene core, and blow moulding/blown extrusion.

Take Outdoors France is the only manufacturer in the world to have these three manufacturing techniques available on one production site. This enables us to produce six different product types with consistency, quality and faithfulness to the original design, every time. Take Outdoors France also makes its own polystyrene and polyethylene slabs at the same site.

## ACE-TEC

1- Deck Pad. / 2&10- Thermoformed plastic skin (ASA). / 3- 50g/m<sup>2</sup> Fiberglass wrap. 4&8- 200g/m<sup>2</sup> Woven Fiberglass. / 5- 200g/m<sup>2</sup> Woven Fiberglass Reinforcement Patch in standing area. / 6- 200g/m<sup>2</sup> Woven Fiberglass Rail Reinforcement. 7- Molded, Watertight EPS Foam Core. / 9- 50g/m<sup>2</sup> Fiberglass wrap.

## TOUGH-TEC

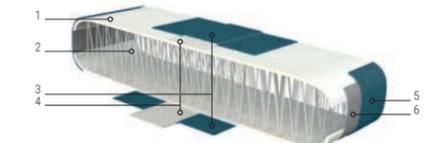

1- Deck pad. 2- Rugged Polyethylene Outer Shell. 3- Molded, Watertight EPS Foam Core. 4- Polyethylene outer shell.

## TST

Polyethylene anti-UV treated, highly resistant

## SST INFLATABLE SUP-YAK (Support Stringer Technology)

1- Single PVC layer / 2- Nylon Drop-Stitch core 3- PVC stringer cover / 4- HDPE stringer 5- Outer PVC layer rail / 6- Inner PVC layer rail

## HYBRID BREEZE LP+ INFLATABLE KAYAKS

1- Nylon skin with highly resistant PU coating. 2- PVC bladder. 3- Bottom floor made of Drop Stitch material.

## HYBRID BORA INFLATABLE KAYAK

1- Highly resistant PU coating. 2- PVC bladder. 3- Bottom floor made of Drop Stitch material.

# Eco Friendly Manufacturing

ACE-TEC, TOUGH-TEC, and SKIN-TEC products are proudly produced in Vannes (Brittany), France, at the forefront of eco-minded manufacturing.

ACE-TEC and TOUGH-TEC utilize thermo-formed skins, watertight EPS cores, and externally molded inserts. Both technologies use low energy consumption, no pollution, and resource conservation. ACE-TEC cut-off waste during production is recycled back into the process. TOUGH-TEC products can be entirely recycled at the end of their life cycle.

SKIN-TEC is a high-density cellular foam fusion formed and molded in France. The foam slabs come out of the mold in a fully-finished shape, generating no waste during production. Durable, lightweight, water-resistant, and recyclable.

## ENVIRONMENTALLY FRIENDLY MANUFACTURING

### LOW ENERGY CONSUMPTION

- Short production cycle
- Short Infra-red heating cycle
- Low electricity consumption

### NO POLLUTION

- Closed circuit cooling of the mold
- No solvents

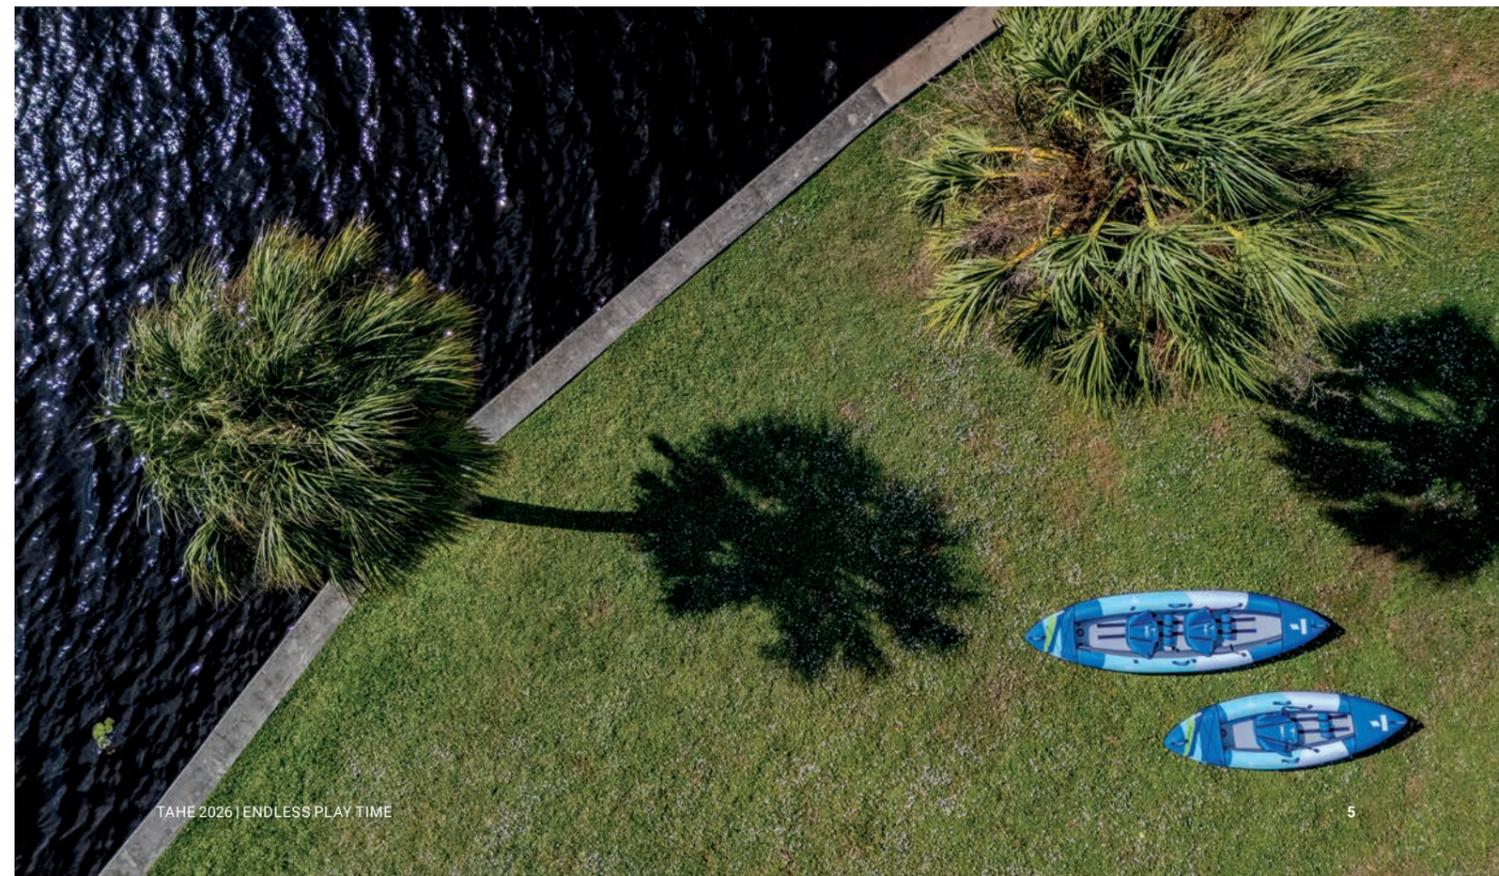

### RESSOURCE CONSERVATION

- Rejection rate (less than 2.5/1000)
- Surplus material systematically recycled
- A capacity per mould 5 times greater than standart techniques

### RECYCLABLE PART

- TOUGH-TEC and SKIN-TEC products can be entirely recycled at the end of their life cycle.

# STAND UP PADDLE

Whether it's for a relaxing cruise, a test of balance, or a sporty adventure, paddling a SUP lets you progress quickly while having fun with family or friends. The BEACH range adapts to all spaces and lifestyles with both rigid and inflatable products. Get ready for easy aquatic adventures!

# SUP-YAK

The 10'6 and 11'6 SUP-YAK are stable, lightweight inflatable paddle boards that convert quickly into kayaks. Supporting up to 200kg, they offer comfort and versatility for solo or tandem fun—standing, sitting, or lounging with family and friends. Includes seats, footrests, paddles, and backpack.

### KEY FEATURES:

- **LIGHTWEIGHT AND PORTABLE**  
Weighs just 25 pounds/11.4kg, less than half of a similarly sized rigid kayak
- **STABLE & STURDY SHAPE**  
Wide, stable stern that smoothly transitions to a narrower bow for improved glide
- **REMOVABLE 9" CENTER FIN**  
With two permanently installed smaller fins
- **DAISY CHAIN ATTACHMENT SYSTEM**  
For ultimate versatility and customization
- **BOW AND STERN BUNGEE RIGGING**  
To customize bungee location for your needs

- **BOW, CENTER AND STERN CARRY HANDLES**  
For easy transport and for ease of re-boarding after swimming
- **DRY RIDE 6" THICK MILITARY GRADE DROP-STITCH CONSTRUCTION**  
Durable, rigid and buoyant

# WINDSURF

Windsurfing is the fastest, most exciting board sport on the water!  
Learn the basics on a TAHE BEACH board, enjoy the sensation of flying on a TECHNO 130 Foil board or get into racing on the TECHNO 293 One Design. Regardless of your skill level or type of board, it's all about endless playtime on the water.

**NEW THIS SEASON**

## TECHNO MAX 130 THE VERSATILE BOARD FOR FREERIDE FOIL OR FIN

Designed to push the boundaries of freeride, the TECHNO MAX 130 promises an unforgettable ride, from flying above the surface to classic gliding. This board, shaped by Jean-Marie Guiriec, blends power and control thanks to its modern design. Outfitted with a Select fin, it planes early and remains perfectly manageable even in challenging conditions. Highly responsive underfoot, it accelerates quickly and reaches top speeds, delivering maximum enjoyment in winds from 15 to 25 knots.

Its foil compatibility is a major asset, allowing you to make the most of lighter winds. Built using ACE-TEC technology, it offers an unmatched balance of weight and durability. Made in France.

### KEY FEATURES:

- FULL DECK PAD AT THE REAR OF THE BOARD  
For maximum comfort during take-off and foiling.
- OPTIMAL WIDTH FOR EARLY AND EASY PLANNING  
Stability for uphauling sail in light wind.
- SOFTENED RAILS REFINED FOR FOIL USE  
Also ensure that the board has a very smooth ride over choppier conditions and won't catch during touch downs.
- WIDE WIND RANGE FOR WINDSURFING, FROM 15-25 KNOTS  
Ideal with sail sizes from 7m<sup>2</sup> to 8.5m<sup>2</sup>, perfect when the wind is too strong for comfortable wind foiling.
- MAX GPS SPEEDS OF 31-33 KNOTS ACHIEVED IN TESTING  
Confirm a very sporty ride, fast and comfortable to sail.
- THIN RAILS FACILITATE EASY JIBING DESPITE THE BOARD'S WIDTH  
Volume and width ensure that the board powers out of jibes.
- REFINED BOARD SHAPE THAT FLIES EFFICIENTLY THROUGH THE WIND  
Ideal for driving upwind or blasting across the wind.
- SMOOTH AND BALANCED ROCKER PROFILE

## PRODUCT FOCUS

# AUSTRAL ELEVATE YOUR FISHING EXPERIENCE

The AUSTRAL is a premium sit-on-top kayak, designed for anglers seeking versatility and performance in both saltwater and freshwater. Its rugged build, attractive price, and innovative Flap Pedal Drive® system—giving hands-free, quiet, and efficient propulsion—make it the ideal choice for fishing of any level. The retractable rudder ensures perfect maneuverability, while the streamlined hull maximizes speed and stability, even in choppy waters, allowing easy access to distant or hard-to-reach fishing spots.

Enjoy lasting comfort with the ergonomic Comfort+ seat featuring three adjustable positions, supporting fatigue-free sessions all day. The AUSTRAL's gear management impresses: four integrated rod holders, an offset rod holder, and multiple mounting rails let you customize your setup and keep essentials within reach, maximizing your time spent fishing.

Fully compatible with fish finders, GPS units, and additional accessories, the AUSTRAL is engineered to seamlessly adapt to every angler's needs, delivering reliability and satisfaction wherever the adventure takes you.

### KEY FEATURES:

- **FLAP PEDAL DRIVE AND RUDDER SYSTEM**  
Offers efficient, hands-free propulsion so you can focus on fishing.
- **ANGLER'S COMFORT SEAT**  
Adjustable and elevated seat for maximum comfort.
- **INTEGRATED AND ADJUSTABLE ROD HOLDERS**  
Keep up to four rods secure and within easy reach.
- **ACCESSORY RAILS AND MOUNTS**  
Customize your kayak with additional gear.
- **REAR STORAGE AREA AND CLOSED FRONT STORAGE**  
For carrying gear and going fishing for a long time
- **MULTIPLE HANDLES**  
For better carrying comfort and possibilities.

**NEW THIS SEASON**

# BREEZE LP+ KAYAKING MADE EASY

The BREEZE LP+ is a lightweight and durable inflatable kayak, available in single (LP1+) or double (LP2+) versions, designed to offer simplicity, stability, and comfort. Easy to transport, inflate, and store, it features a wide hull and high-pressure Drop Stitch floor (5 PSI) for smooth and secure navigation. With adjustable backrests and footrests, it adapts to your needs for maximum enjoyment whether paddling solo or with a partner. Compact when packed and ready to use in minutes, the BREEZE LP+ embodies practicality for successful day trips.

**KEY FEATURES:**

- **HP/LP TECHNOLOGY**  
Durable polyester side chambers, resistant to punctures. High-pressure PVC Drop-Stitch floor.
- **ENHANCED STABILITY**  
Three-chamber construction including a high-pressure Drop-Stitch floor.
- **EASY TRANSPORT**  
Lightweight, fully inflatable design with a practical backpack for travel.
- **ELASTIC STORAGE NET**  
For securing your gear.
- **CARRY HANDLES**  
Front, rear, and side handles for easy carrying.
- **COMPLETE PACKS**  
Everything you need for a day on the water.

**PRODUCT FOCUS**

# BORA WHEN PERFORMANCE AND FUNCTIONALITY GO HAND IN HAND

The BORA inflatable kayak offers excellent performance for intermediate paddlers seeking balance and control. Its sleek hull design with a pronounced bow provides smooth glide and reliable directional stability on calm and moderately choppy waters. The durable Drop Stitch high-pressure floor (10 PSI) ensures stiffness and responsiveness, combining the solid feel of a hard-shell kayak with the convenience of an inflatable. Compact and versatile, it's perfect for progressing to varied water conditions and new paddling challenges.

**KEY FEATURES:**

- **DROP STITCH HIGH-PRESSURE FLOORING**  
Strength, rigidity and comfort.
- **PROFILED HULL**  
Shaped stem and keel for greater directional stability.
- **PVC SIDE CHAMBERS**  
Lightweight, compact and stable.
- **NO RIGID PARTS**  
Easy storage in the carry bag.
- **DAISY CHAIN ATTACHMENT SYSTEM (DCAS)**  
Precise, ergonomic adjustment of seats and footrests.
- **RAISED SEATS**  
For improved rowing comfort.
- **FRONT DEFLECTOR**  
Minimizes water entry in heavy chop.
- **REAR ELASTIC NET**  
Makes gear transport easy.

# KAYAK PADDLES

**BEACH** paddles are optimized for durability and ease of use for **recreational users** looking for reliability. Featuring Made in France construction with innovative components to maximize performance at a value price. BEACH Paddles available in various lengths, with either 1, 2 or 4 pcs, all with Aluminium shafts.

**BREEZE** paddles are designed for exploring further from the shore in open waters, with blade shapes more adapted for touring. Paddles available in 220-240 cm length, 2 pcs for easy transport, and durable aluminium shafts.

# O'PEN SKIFF

The O'PEN SKIFF, ex O'PEN BIC, is a modern, high-performance boat equally suited to young sailors and those wishing to learn dinghy sailing. Designed to offer a fun and safe sailing experience, it is responsive, self-bailing and is fitted by the best marine hardware manufacturers, making it an excellent transition between Optimist and more advanced dinghies.

Launched in 2006, the O'PEN SKIFF has already convinced more than 9000 young sailors around the world thanks to its maneuverability, sturdiness and fun shape. Popular with many clubs, it makes learning and racing easy, offering a stable, high-performance hull, a wide cockpit that evacuates water quickly, and integrated handles for easy launching and transport.

The O'PEN SKIFF allows beginners to learn with confidence, and more experienced sailors to enjoy real sailing sensations.

O'PEN SKIFF 

Length: 2.75m  
Width: 1.14m  
Weight: 45kgs (hull only)  
Hull technology: Thermoformed polyethylene

Ideal sailor weight: 30 to 65kgs  
Max. user weight: 90kgs  
Daggerboard: Composite Epoxy  
Rudder Blade: Composite Epoxy

VITALIDESIGN

## High quality rigs

The rig includes a fully-battened, 4.5m<sup>2</sup> mono-film sail with mast pocket similar to that of a windsurf sail. Rigged on a epoxy mast and aluminium boom, the sail has been designed with an open leech to give sailors maximum control and performance in all conditions. The 3.5m<sup>2</sup> dacron sail, designed for sailing schools, is compatible with the 4.5m<sup>2</sup> mast and boom.

### O'PEN SKIFF MONOFILM 4.5m<sup>2</sup> RIG

Sail: 4.5m<sup>2</sup> / K film polyester  
4 battens/adjustable tension  
Mast: 3.90m / 2 parts / 2 kg  
fiberglass epoxy - IMCS 16  
Boom: 2.00m - aluminium

\*Compatible with 3.90m mast

# SPORTYAK

## SPORTYAK 213

The SPORTYAK 213 is the standard for compact and versatile dinghies. Its catamaran hull provides unmatched stability, superior to traditional hulls, ensuring safety and comfort for all your water activities: fishing, hunting, or simple transportation. Constructed from double-layer polyethylene, it is robust, shock- and UV-resistant, and fully recyclable. Lightweight and compact, it is easy to transport and stow on a boat deck or in a vehicle. It accommodates two people (maximum 170 kg) and can be used with oars, a sculling oar, or equipped with a motor. Made in France, the SPORTYAK is renowned for its maneuverability and durability. It comes supplied with 2 oars, 2 oarlocks, 3 oarlock supports, a painter rope, and fittings. A must-have, multi-purpose dinghy to enjoy the pleasures of the water all year round, whether for exploration, learning, or family fun.

### KEY FEATURES:

- CATAMARAN HULL  
Stability
- COMPACT SIZE, LIGHTWEIGHT  
Easy to handle, carry, and store
- HOLLOW TWIN-SHEET  
POLYETHYLENE CONSTRUCTION  
Lightweight and durable
- OPTIONAL REMOVABLE MOTOR MOUNT  
Motorizable (max. 2 HP)
- MADE IN FRANCE AND RECYCLABLE

TAHE 2026 | ENDLESS PLAY TIME

## SPORTYAK 245

Rowing, sculling or motoring, in port or at anchor, the SPORTYAK 245 is an ideal way to get to your boat. On vacation it becomes a perfect rowboat that the whole family to enjoy and is ideal for kids to experience the joy of 'messing about in boats'. The 245 is lightweight for its size and features a super stable hull design for added comfort and ease of use.

The innovative wheel transport systems makes transport a breeze. Quality accessories include an adjustable oar bench, two oarlock location options, multiple carrying handles, a self-draining plug to be able to leave your tender at anchor and deck lines for added safety.

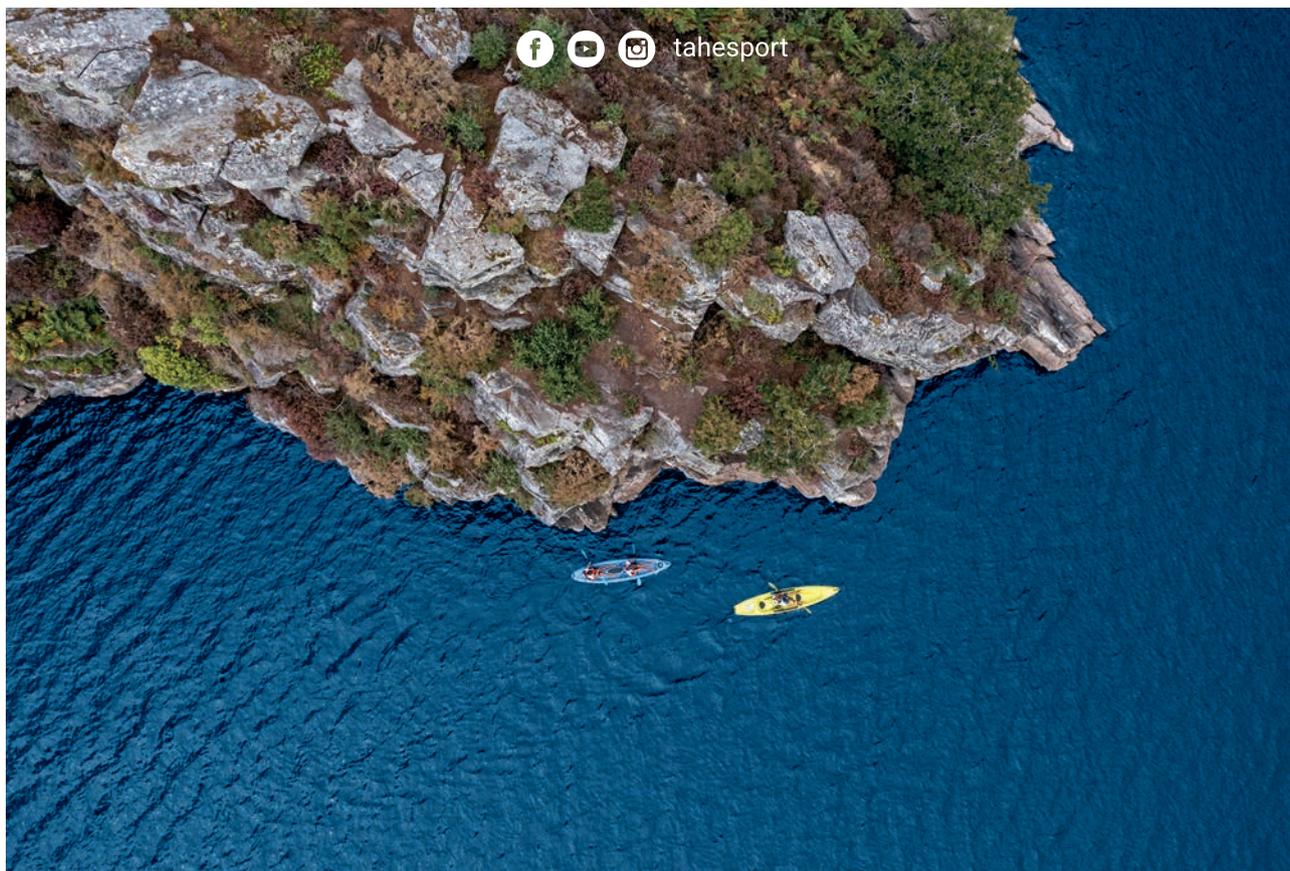

The SPORTYAK 245 is a benchmark in the dinghy/ tender market and recyclable at the end of its useful life.
